Better Patient Care.

A comprehensive cloud solution designed to simplify your clinic operations and enhance patient care.

Cloud Based

Secure & Reliable

Built for Healthcare

Smarter Insights

Local Support

Trusted by healthcare professionals.
Committed to **your success.**

Every Day, Clinics Face These Challenges

Running a successful clinic is about more than providing excellent care.

1

Missed Appointments

Patients forget appointments. Schedules become difficult to manage.

- Lost revenue
- Idle providers

2

Administrative Overload

Reception spends too much time searching records, answering calls, and handling paperwork.

- Lower productivity

3

Billing & Insurance Complexity

Manual billing, insurance claims, and payment tracking consume valuable time.

- Delayed cash flow

4

Fragmented Patient Information

Patient history, images, documents, and treatment notes are spread across different places.

- Slower consultations

5

Limited Business Visibility

Without real-time insights, it's difficult to monitor appointments, revenue, provider performance, and clinic growth.

- Decisions based on guesswork

What Makes Invent Medical Different?

More than an EMR – a complete platform that connects your clinic, your patients, and your growth.

1. Online Patient Experience

- ✓ Online Booking
- ✓ Online Payments
- ✓ Patient self-service

2. Smart Patient Communication

- ✓ WhatsApp Integration
- ✓ Automated WhatsApp & SMS Reminders
- ✓ Reduce no-shows & stay connected

3. Digital Consent & e-Signatures

- ✓ Digital consent forms
- ✓ Signature capture
- ✓ Topaz signature pad support

4. CallerApp Integration

- ✓ Know who's calling before you answer
- ✓ Automatic patient lookup
- ✓ Full call tracking & history
- ✓ Call missed calls back in one click

5. Multi-Branch & Multi-Company

- ✓ Centralized management
- ✓ Separate or shared data (where configured)
- ✓ Consolidated reporting

6. Built-in ERP & Accounting

- ✓ Powered by Invent ERP
- ✓ Native accounting, billing, inventory & purchasing
- ✓ Seamlessly integrated in one platform

7. Real-Time Insights

- ✓ Interactive dashboards & KPIs
- ✓ Revenue & collections
- ✓ Provider & clinic performance
- ✓ Operational reporting

8. Multi-Specialty Platform

- ✓ Dental, Medical, Physiotherapy, Dermatology, Ophthalmology, ENT and more
- ✓ Designed for all types of clinics and medical centers

9. Designed to Grow

- ✓ Modular architecture
- ✓ Optional add-ons
- ✓ Mobile applications
- ✓ Continuous feature updates

Note: Some services and integrations may require activation and are subject to availability in your country. Setup and configurations may vary based on local attributes, regulations, and requirements.

The Complete Patient Journey

From the first appointment to follow-up care and business insights—every step is connected in one integrated platform.

One Platform. Every Connection Matters.

Better Patient Experience

Seamless journey, faster service and convenient communication.

Efficient Clinic Operations

All-in-one workflow reduces manual work and errors.

Stronger Business Growth

Data-driven insights and integrated financials to grow with confidence.

Designed for Modern Clinics

Online Booking

Let patients book 24/7 from any device.

WhatsApp Integration

Chat with patients and share updates instantly.

Automated Reminders

WhatsApp & SMS reminders reduce no-shows.

Online Payments

Secure online payments for services and appointments.

Digital Consent & e-Signatures

Paperless, secure and compliant consent workflows.

CallerApp Add-on

Know who's calling, track every call, and call missed calls back in one click!

Multi-Branch & Multi-Company

Manage multiple branches and companies from one platform.

Built-in ERP Accounting

Powered by Invent ERP – native accounting, inventory, purchasing, and financial reporting.

Note: Some service activation depends on country. Setup varies based on local attributes of country.

Why It Matters

Invent Medical helps you run a more efficient clinic, deliver exceptional care, and grow your business with confidence.

Better Patient Experience

Faster appointments & shorter waiting times

Appointments

Efficiently manage schedules, providers, rooms, and patients from one intuitive calendar.

- Smart Scheduling**
View and manage appointments by day, week, or agenda with room and provider allocation.
- Patient at a Glance**
Instant access to patient details, contact information, allergies, and recent activity.
- Pinned Appointments**
Keep important appointments in focus for better visibility and follow-up.
- Operational Efficiency**
Waiting area and staff schedules help optimize clinic flow and resource management.

Note: Some service activation depends on country. Setup varies based on local attributes of country.

Appointment Calendar

A complete view of your clinic's schedule, providers, rooms, and patients.

The screenshot displays the 'Appointment Calendar' interface. At the top, there are tabs for 'Calendar', 'Lists', and 'Configuration'. Below these, there are icons for 'Day', 'Week', and 'Agenda' views. The main calendar area shows a grid with columns for rooms (R2, R3, WA) and rows for time slots (3pm, 4pm, 5pm, 6pm). Appointments are listed with patient names and IDs. A sidebar on the right shows patient details for Bashayer Khalil Al-Zayani, including file number, CPR/National ID, birth date, and allergies. The bottom section shows pinned appointments and a waiting area.

Calendar View:

- Rooms: R2, R3, WA (Walk-in)
- Time Slots: 3pm, 4pm, 5pm, 6pm
- Appointments:
 - 3pm: Bashayer Al-Zaya... (ID: 39000084)
 - 4pm: Hessa Al-Ahmed (ID: 39000978)
 - 5pm: Essa Al-Dosari (ID: 39000180)
 - 6pm: Doctor Ajoy Das (ID: 39000492)

Patient Information:

- Name: Bashayer Khalil Al-Zayani
- File Number: 19
- CPR / National ID: 970000084
- Birth Date: Jul 25, 1997
- Gender: Female
- Age: 28
- Mobile: 39000084
- Phone: 39000084
- Email: No email address
- Allergies: Allergy status unknown
- Recent Activity: LAST VISIT 6/10/2026

Pinned Appointments:

- Waiting Area
- Medical Staff Schedules
